Entry Form

The Stockholm Challenge Award 2006

The award is open for projects that use ICT to improve people´s living conditions and their communities. Please read this before entering the competition:
All submissions must be made in English and on line, using this entry form.
All competing projects must be fully implemented, or piloted in a realistic setting, for at least three months.
All indicated fields must be filled out for the jury to evaluate your project.
Projects that have not fully filled out their entries will be disqualified.
Each project may only be entered in one category.
Previous winning projects of the Stockholm Challenge Award can not participate again.

You will be able to go back to your entry form at any time until the official closing date for entries and add or update the information that you have provided.

Deadline: The closing date for entries is December 31, 2005.

Please notice: when you fill out the registration form, make sure to save your text often by pressing alt+s or use the "save changes" button at the bottom of the page. Welcome to contact the Stockholm Challenge team at info@stockholmchallenge.se if you have any questions.

Information that we ask for.
